All Inclusive Small Business Packages Starting at Only

\$496

per month,
36 months

Get a brand new **Allworx phone system** with six premium **Allworx phones**, blazing fast **35Mbps Business Class Internet**, and the crystal clear voice quality of **VoIP**. To top it off, we take care of the maintenance and troubleshooting. Our **Managed PBX Plan** comes standard with our **Small Business Packages**, including **72 hours of remote support** for use over term length.

Dear Business Owner,

Are you bogged down by an old phone system, slow internet, and illusive tech support? We can help.

Now you can combine high speed Business Internet with our Allworx Hardware as a Service (HaaS) solution for big savings and crystal clear voice quality. Our small business packages include 24/7 access to our California-based team of IT professionals and 72 hours of tech support, all built into the plan. That's 72 hours of support at no additional cost to you.

Now is a great time to upgrade to WTI Cable Business Internet with Allworx. Switching is easy, and installation and training is included. Our team is fully certified and our professional services will have your new Allworx system up and running in no time. Our first priority is to keep your business running smoothly. Call 800-455-2000 to get started.

Sincerely,

Tony Rodriguez
